

Completed Project (2017-2018)

Brief: New Access Road to SSR Airport

Summary

Title	New Access Road to SSR Airport
Start of Works	March 2016
Completion	July 2017
Contractor	JV Colas/GCC
Project Value	Rs 22.6 M

Introduction

A new access that caters for generated additional volume of traffic and also for future developments in the region. The length of road is 4.5 km dual carriageway, 7.3 m wide with hard shoulders, drains/culverts, road lighting and guard railing as well as New Jersey Barriers. The project equally consists of the construction of a major grade separator junction on motorway with a 120 m flyover, near Mare D'albert region and creation of two roundabouts.
