

Executive Summary of Bid Evaluation Report
Construction of a Grade Separated Junction at Wooton
(Design-Build/ Turnkey)
Reference number of procurement: CPB/62/2021

1. Scope of Contract:

- Design and construction of a grade separated junction in lieu of Wooton Roundabout;
- Design and construction of entry and exit ramps as well as acceleration and deceleration lanes;
- Design and construction of dedicated slip lanes to allow road users turning left to bypass the grade separated junction at all approaches;
- Design and implementation of the signalization of the grade separated junction using an intelligent traffic lights control system to further enhance the level of service;
- Reprofiting of the current motorway and construction of a dual carriageway over an approximate distance of 1.5 Km, including approaches to the grade separated junction;
- Design and construction of raised footpaths, drains and retaining structures;
- Design and construction of bus laybys and shelters;
- Design and provision of adequate road lighting and safety equipment throughout the whole project such as traffic lights, road markings, reflective road studs, traffic signs, informative panels, handrails, guardrails, concrete barriers, etc.;
- Displacement of utility services;
- Dismantling of the existing footbridge at Wooton and provision of safe pedestrian crossing facilities in substitution;
- Design and construction of a 5.0 m wide access road
- Design and implementation of landscaping works.
