

## **ROAD DEVELOPMENT AUTHORITY**

### **Terre Rouge Flyover**

#### **1.0 Introduction**

The government is implementing the following project to address the severe congestion problem along Motorway M2 between Port Louis and Terre Rouge.

1. Construction of a Fly-Over on Motorway M2 at Terre Rouge Roundabout (Design-Build/Turnkey)

While the whole Quay D project is nearing completion, the Terre Rouge Flyover project has been recently awarded to General Construction Ltd and works is expected to start very soon on site.

#### **2.0 Background**

The Terre Rouge roundabout are currently operating beyond capacity, during both peak and off-peak hours, with subsequent queuing along Motorway M2 and adjacent roads.

In view to address this problem a flyover is being constructed on Motorway M2 at the Terre Rouge Roundabout and the traffic movements will be re configured.

RDA is undertaking the above flyover projects to:

- segregate the main traffic along Motorway M2 and traffic accessing the adjoining regions
- alleviate the traffic congestion along Motorway M2 and surrounding roads
- provide a better road interface through safer access corridor for logistics within the port area
- decrease travel times and reduce vehicle operating costs
- increase the level of service of the road to enhance both safety of vehicles and pedestrians

### **3.0 Project details**

#### **Project details for Terre Rouge Flyover**

<b>Contractor:</b>	General Construction Ltd
<b>Contract Amount:</b>	MUR 427,094,406.90 Incl. VAT
<b>Contract Period:</b>	540 Calendar Days
<b>Contract Awarded on:</b>	31 January 2023
<b>Commencement Date:</b>	28 February 2023
<b>Completion Date:</b>	21 August 2024

### **4.0 Scope of Works**

#### **Scope of Works for Terre Rouge Flyover**

- Design and Construction of a reinforced concrete Flyover on pier over Terre-Rouge Roundabout on M2 Motorway for both Southbound and Northbound traffic
- Design and construction of acceleration and deceleration lanes on both sides for Southbound and Northbound traffic
