

UPGRADING OF JULIUS NYERERE AVENUE (B1) AND CONSTRUCTION OF B1-M1 LINK ROAD

PROJECT BRIEF

1) Project Title

Upgrading of Julius Nyerere Avenue (B1) and Construction of B1-M1 Link Road

2) Detailed Project Description

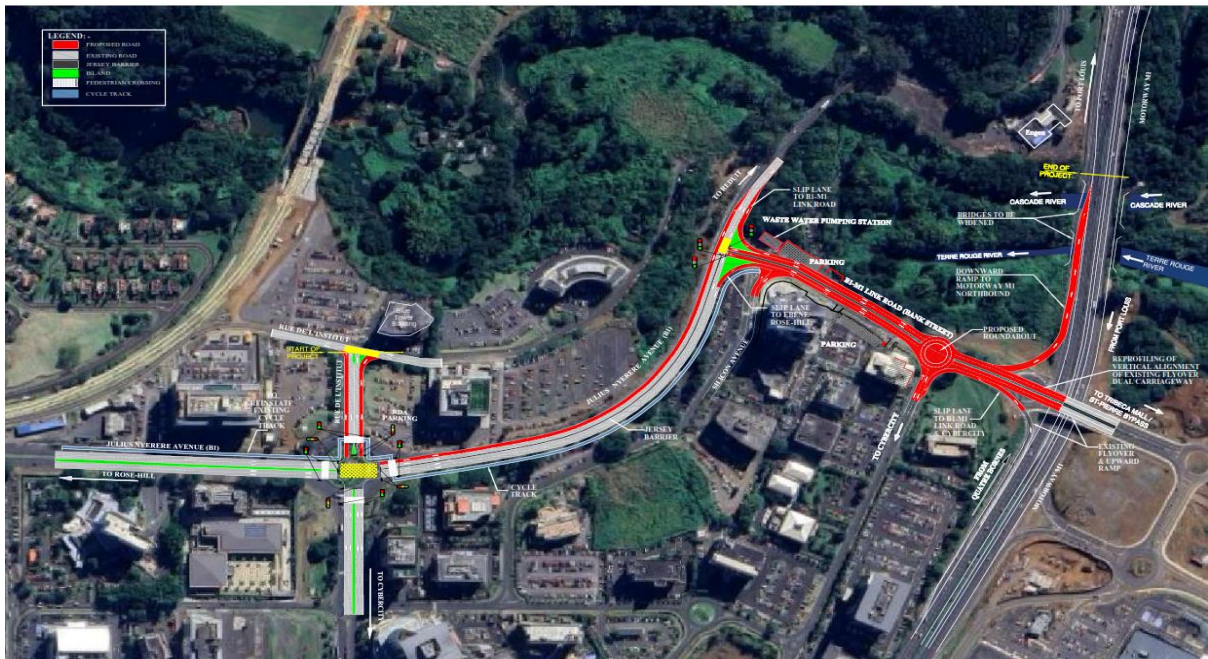

The Road Development Authority is looking forward to implement the Upgrading of Julius Nyerere Avenue (B1) and Construction of B1-M1 Link Road project in view to improve traffic flows along B1 Road, to ease access to the newly constructed St Pierre Bypass/Ebene Link Road and Tribeca Mall, and to provide an alternative exit from Ebene Cybercity to the motorway M1 towards Port-Louis.

3) Scope of Works

The scope of works to be undertaken are as follows:

- 1) Dualling of B1 Road from the existing roundabout near RDA Head Office up to the junction with Bank Street;
- 2) Improvement of junctions at the following interfaces:
 - i. Rue de L'Institut and B1 Road; and
 - ii. Bank Street and B1 Road.
- 3) Upgrading of Bank Street to B1-M1 Link Road dual carriageway;
- 4) Provision of a downward ramp Northbound from the newly constructed flyover across motorway M1; and
- 5) Construction of cycle track.

The project layout is as shown below.

4) Benefits of the project

- 1) Enhance level of comfort of road users
- 2) Provide alternative exit to Motorway M1 and the East from the Ebene Cybercity Region
- 3) Alleviate traffic congestion

5) Implementation Schedule

- Project Time Frame: 18 months
- Contract award: January 2025
- Commencement Date: March 2025
- Expected Completion Date: September 2026
